SUMMARY

I am a full stack developer looking for a junior position where I can leverage my programming expertise and contribute to impactful projects. I am ambitious, highly motivated and eager to apply my unique blend of technical and analytical skills to real-world challenges and collaborate with dynamic teams to deliver innovative solutions.

EDUCATION

AEC - Information Technology Programmer-Analyst   2023-present
LaSalle College, Montreal, QC
GC in Strategic Contracting Management   2010-2013
Federal University of Bahia, Brazil
BAC in Business Administration   2004-2007
State University of São Paulo, Brazil

EXPERIENCE

Petrobras, Brazil
Contract Manager   2021-2023
- Analyzed, developed and maintained contract documentation.
- Negotiated terms with bidders and vendors.
- Diagnosed and resolved issues in service workflows.
- Coordinated relations between service providers, end users, inspectors and management.

Business Intelligence Analyst   2017-2021
- Automated data extraction from multiple sources.
- Created and maintained interactive dashboards to enhance data visibility and reporting.
- Collaborated with cross-functional teams to integrate analytic solutions.
- Participated in the development and implementation of in-house technology solutions.

SKILLS & KNOWLEDGE

Technical Skills:

Programming and Development
- Proficient in C#, with experience in Java, JavaScript, PHP, Python and Swift.
- Solid understanding of object-oriented programming (OOP) principles.
- Hands-on experience with RESTful APIs design and integration.

Web and Mobile Technologies
- Skilled in HTML, CSS, ASP.Net Core MVC, React, Razor Pages, and Bootstrap.
- Experience in iOS and Android mobile development using Xcode (Swift) and Android Studio (Java).

Software Architecture and Databases
- Knowledge of software architecture, including front-end and back-end systems.
- Experience with relational databases (SQL Server, MySQL, Oracle DB) and NoSQL databases (MongoDB)

Cloud Computing
- Familiar with Microsoft Azure services, including Azure App Services, Azure SQL Database, and Azure Storage.
- Hands-on experience with Docker for containerization.

Version Control & Collaboration
- Experienced with Git and GitHub for version control and collaborative development.

Data Analysis and Business Intelligence
- Proficient in data analysis and reporting using Power BI, SQL, and Excel.

Personal Skills: Dependable, proactive, team-player, self-motivated, adaptable, problem-solver.
